Any cattle falling outside of these grades will be priced in line with the published ABP UK cattle grid per kg deadweight, as relevant on the day of slaughter, less the value of the weaned calf and will not be included within the M&B Premium Beef Scheme.

Weight Ranges

- 270 Kgs dwt and above – Agreed contract price
- 260 – 269.9 Kgs dwt – Minus £40
- 259.9 Kgs and under - be priced in line with the published ABP UK cattle grid per kg deadweight, as relevant on the day of slaughter, less the value of the weaned calf

M& B will finance the weaned calf, upon slaughter the farmer will receive payment based on the carcass specification. The contract payment will be agreed at the beginning of the contract and tracks current production costs. The contract price will cover all costs and built into this base price is a management fee of £110.

Payment Breakdown

- There is a deposit of £20 per calf which covers the cost of the vaccine
- Haulage to the abattoir will be paid for by the farmer
